

# Future Proof. Lightweight. Sustainable.

We develop holistic high-performance nonwovens for Interior, Exterior and Seating applications for the whole industry.

**Future proof**

**Lightweight**

**Sustainable**

Through research, further development, and substantial know-how, our division is growing continuously with and for our customers.

## The key facts.

The TWE Group offers a very broad portfolio of solutions for the automotive industry. from interior applications such as acoustic insulation to mechanically reinforced solutions for interior door panels or all fittings. We also offer sustainable natural fibers or recycled solutions (up to 100%). Thanks to the diversity of our development and our technologies, we are able to respond to individual customer requirements and develop solutions together. Our products meet the demands of tomorrow.

**Seating applications**

**Interior applications**

**Exterior applications**

**Acoustic insulation**

**Air filtration applications**
