Long-lasting

Through research, further development, and substantial know-how, our division is growing continuously with and for our customers.

The key facts.

Under our Isosoft label, the TWE Group offers sustainable insulation materials that outperform synthetics in the clothing industry. With excellent processing properties and diverse options, they're essential for wide range of high-performance textile and nonwoven products. Our premium nonwovens are also used in furniture upholstery and mattresses for ultimate comfort. They're ideal substitutes for leather in handbags and shoe production.
